

WITH YOU EVERY STEP OF THE WAY.

In these tough economic times many people are hurting, especially the families of those lost in the line of duty. Now, more than ever, that loss is being felt by those left behind.

That's why Spierian Fire is donating \$100,000 to the National Fallen Firefighters and Canadian Fallen Firefighters Foundations.

This donation will not be made in Spierian Fire's name. It will be made in *your* name and the names of all firefighters who sign our donation registry.

Please help us help those families in need by visiting www.sperianfire.com to sign your name to the donation registry and show your support for the firefighting community.
